

MEN WHO MATTER

SMALL GROUP CURRICULUM

Leader's Road Map

Each week we will introduce a new step in our pursuit. Each weekly video will present a big idea as well as narrative and biblical context for your group. We will suggest an action step and present a final big question to jump start your discussion. Throughout this journey our hope is to give your group principles that encourage strong relationships and practical action steps as you pursue the impact and significance you were designed to live out.

Week 1: Make a Move

God designed each man with a purpose, to make an impact, and to be significant, but to live a fulfilled life we must take a step and get in motion.

Week 2: There is No Elevator

God has placed a dream inside each man, but there is no quick way to the top. We are all on a staircase and to reach to top we must keep climbing.

Week 3: Priorities

What's most important in your life will affect how you see everything else around you. Your priorities matter, and how you spend your time will determine your level of impact in the lives of the people around you.

Week 4: Relentlessness

God has promised us fulfillment in this life, but that promise is predicated on having the perseverance to finish the race. Men must choose to be relentless in our pursuit of the God given dreams and purpose within us.

Week 5: Integrity

Talent can propel us to the top of the mountain, but it's our character, and specifically our integrity that will keep us there. You cannot be a man of impact alone. We must eliminate alone from our lives.

MEN WHO MATTER

SMALL GROUP CURRICULUM

Week 6: Passion

God planted a seed inside of each man. A passion for something that drives each of us. We were born with an instinct for something, but it must be cultivated. Apathy kills momentum, and we were not made to be apathetic.

Week 7: The Process

Yes, there's a promise of God on your life, but what about the plan? We must learn to have faith in the promise even when we can't see the plan. Just because we aren't sure of what's next shouldn't mean we can't take a step forward.

Week 8: It's Not Negotiable

God's plan for our lives is not negotiable. He has destined us to be men of significance and impact. He proved on the cross that He was all in, and we must, in turn, be all in as well. The dreams you're chasing cannot be achieved unless we go all in.

Week 9: Influence Without Compromise

Leadership is influence. We were made to lead and influence the world around us, but what will it take to maintain our influence as we face temptation, short-cuts and difficult circumstances?

Week 10: Success vs Significance

Success and significance are two different things. One is all about us and the other is all about them. Men who matter work hard to ensure when they are gone they've left their mark.
